

1. It's night and the power goes out... what will happen in each of the 3 theatres:  
CBT  
LAB  
Carousel
2. Where are patrons directed during an evacuation? Why?
3. TRUE or FALSE: In the event a bomb threat is called in, an evacuation of the building should be immediately begun.
4. An active shooter is reported on campus via UT Alert. What should you do?
5. Who is responsible for monitoring for severe weather and notifying building occupants?
6. An Usher comes out of the theatre and reports seeing a patron in distress about halfway through Act I...
  - a. Who is in charge of the response?
  - b. After investigating the person above believes the patron is having a heart attack... They should:
    - i. Call 911
    - ii. Try to assist without disrupting the show.
    - iii. Try to get the patron out to the Lobby.
    - iv. Contact the Stage Manager to stop the show and bring up the houselights
    - v. Contact a House Manager to bring the AED
7. Where is the Carousel's AED located?
8. Identify the location of at least 6 First Aid Kits maintained by the Department:
9. You answer the phone and receive a bomb threat... you should:
  - a) Take out a pen and pad to make notes as you talk to the caller.
  - b) Pass a note to a colleague
  - c) Hang up and call 911
  - d) Show interest in the caller to keep them on the line as long as possible
  - e) Pull the fire alarm to evacuate the building as quickly as possible
10. UT Alert reports an airborne hazardous materials release on campus. Where should you look for shelter information? Is there anything you should do?
