Graduate School Introduction

In order to serve the mission and vision of the Graduate School and preserve the integrity of graduate programs at the University of Tennessee, Knoxville, information related to the process of graduate education in each department is to be provided for all graduate students.

Based on Best Practices offered by the Council of Graduate Schools, it is important that detailed articulation of the information specific to the graduate degrees offered in each department/program be disseminated. This Department of Theatre Graduate Handbook does not deviate from established Graduate School Policies noted in the 2018-19 Graduate Catalog (<http://catalog.utk.edu/>) but rather provides information about the specific ways in which those policies are carried out. Please become familiar with the Graduate Catalog. In addition to much useful information there, *you are expected to be familiar and comply with the Graduate Catalog and:*

MFA Degree

Within concentrations in Costume Design, Scenic Design, Lighting Design, Sound and Digital Media, and Acting, the Master of Fine Arts degree provides comprehensive training in an environment that fosters creative risk-taking and that equips graduates to compete successfully in the theatre profession of today.

LORT Theatre Company

A unique feature of the MFA program at UT is the presence of a resident professional theatre. The Clarence Brown Theatre (CBT) is a LORT D theatre produced by the Department of Theatre and fully integrated with its academic curriculum. Three or four of the department's eight annual subscription productions are produced under the CBT LORT contract, allowing students the opportunity to work alongside seasoned professionals. Founded in 1974, the CBT is one of the older companies in the LORT system and has a distinguished history of hosting artists of national and international stature. MFA actors and designers work in the CBT production season throughout their training. MFA actors have the opportunity to join Actors Equity Association, and MFA Designers have opportunities to do mainstage work during their training.

International and Film Initiatives

The Department of Theatre MFA program in Design features a strong component of international exchange. Students and faculty have opportunities to interact with international artists in Knoxville or abroad. These opportunities provide experience of diverse modes of theatrical representation and ways of working that enable designers to see their work within the context of a larger world-view. The department allocates funds on a priority basis for exchange initiatives and/or graduate student travel.

The MFA in Theatre, Acting concentration, also engages exchange with national and international artists in workshops and productions at UT. However, emphasis in the acting area is placed more upon strong experience of acting for the camera, and funds are allocated on a priority basis for workshops in auditioning and acting for camera, guest artists in film, and short film production. For reference to several short film projects of the MFA acting classes of 2016 and 2018, go to MFAShowcase.com.

General Duties and Responsibilities of Faculty, Resident Artists, and all Graduate Students

I. Faculty and Resident Artists are fully committed to the mission statement of the Dept. of Theatre.

“The mission of the Department of Theatre and the Clarence Brown Theatre Company shall be to achieve regional, national, and international distinction by:

- A. Providing quality programs of study at both the graduate and undergraduate levels.*
- B. Supporting a resident professional theatre to foster professional standards of production and performance.*
- C. Enriching the study and practice of theatre with projects and pursuits which facilitate national and international artistic exchange among teachers, students, and professional artists.*
- D. Providing a cultural resource for both the university and the larger East Tennessee community.*

The Master of Fine Arts in Theatre shall provide an educational and artistic foundation for a life of work and research in theatre.”

As stated in the Faculty Handbook, Sections 2.2.2 and 2.2.3:

“Teaching

Faculty members are responsible for teaching effectively by employing useful methods and approaches that facilitate student learning. Faculty members design courses to achieve clearly defined learning objectives with appropriate evaluation tools and teaching methods. Advising undergraduate and graduate students concerning courses, curricula, and professional opportunities beyond the degree is also important. Faculty members may educate students through distance learning. Faculty members may pursue the scholarship of education, so as to improve teaching of faculty members and other educators, such as primary and secondary teachers, or extension agents. Other faculty members through outreach instruct non-traditional audiences in off-campus settings to improve professional expertise and public understanding.

Research / Scholarship / Creative Activity

Faculty members make intellectual and creative contributions through the scholarship of discovery and application, both within and across disciplines. Faculty disseminate their scholarly work through venues respected in their disciplines and beyond academia, secure funding where appropriate for their scholarly endeavors through organizations and disciplinary opportunities, and mentor undergraduate and graduate students in the research experience. Some faculty members pursue the scholarship of discovery by creating new knowledge and skills. Some faculty members pursue the scholarship of application, which typically involves outreach to the community to co-develop successful practices to address problems to benefit individuals and organizations.”

All Theatre Department faculty members engage in creative activity as practicing theatre professionals or in the scholarship of theatre history/criticism/theory.

II. Graduate students are expected to be fully acquainted and comply with all requirements of this handbook and of:

Admission Requirements and Application Procedures

Graduate School Admission Requirements

All applicants to the MFA program must first complete all procedures and requirements for admission to the Graduate School of The University of Tennessee, Knoxville, as detailed in *The Graduate Catalog*: <http://catalog.utk.edu/> . The phone number is 865-974-2475.

A Bachelor's degree is required from a college or university accredited by the appropriate regional accrediting agency. A foreign degree must be equivalent to a U.S. Bachelor's degree and must be accredited by its regional or national accreditation agency.

U.S. Degree holders must have earned a 2.7 out of a possible 4.0 GPA or a minimum of 3.0 during the senior year of undergraduate study. Foreign degree holders must have earned a minimum of 3.0 on a 4.0 scale or other equivalent to a 'B' average. If you have completed previous graduate course work, you must have a grade-point average of 3.0 on a 4-point scale or equivalent.

The Dean of the Graduate School must approve all admissions.

The application for admission is the same for both international and domestic students. However, there are deadlines and other important information that relates to international students only at: <http://gradschool.utk.edu/admissions/applying-to-graduate-school/admissions-for-international-students/> and in the UT Graduate Catalog. Please read them carefully, and then proceed to the application procedures.

Department of Theatre MFA Program Admission Requirements

The MFA Program of the Department of Theatre has additional requirements for admission that must be met by prospective graduate students before acceptance.

Interviews with appropriate faculty are required of all applicants. Applicants for admission to MFA design programs must submit samples of their work. Auditions are required of MFA Acting applicants.

Two letters of recommendation, an application for assistantship, and a Statement of Purpose are required and should be uploaded directly through the admission software of The Graduate School.

No GRE or MAT scores are required for admission.

Admission requirement information may also be found at the Department of Theatre website:
<http://theatre.utk.edu/>

Financial Support

Graduate Teaching Assistantships

All MFA candidates in the Dept. of Theatre are awarded Graduate Teaching Assistantships (GTA's) for three years. This is a continuing provision that is not renewable beyond three years. As long as a student maintains good standing (a cumulative GPA of at least 3.0 plus ongoing approval of Department of Theatre faculty and administration), assistantships remain in force. These assistantships include full tuition remission and a combination of stipends/fellowships awarded from a variety of sources, including the College of Arts and Sciences, the Office of the Chancellor, and the Department of Theatre. The resulting overall allocation is approximately \$14,000 per year per graduate student. Payment may vary during the summer from that in the academic year, depending upon the sources from which individual funds are allocated.

Please note that the tuition waiver does not include a waiver of certain fees (programs & services, technology, facilities, and transportation), which currently amount to approximately \$1200/semester. These amounts may be adjusted after final approval of budgets for any given fiscal year.

Graduate Teaching Assistantships also provide graduate student health insurance. However, graduate student health insurance does not cover spouses, dependents, or partners. Such coverage is available at additional cost to the student.

Scholarships and Other Forms of Financial Aid

Both the Department of Theatre and the University have forms of financial aid available other than the tuition waiver and GTA stipend.

Scholarships from the Department are generally awarded to second and third year MFA students. Graduate students must apply for scholarships each year, which are awarded by a Department of Theatre committee of faculty.

Fellowships are awards that typically require no service. Most fellowships are awarded on the basis of academic merit and/or professional potential. A list of Fellowships awarded through the Graduate School can be found at:

<http://gradschool.utk.edu/graduate-student-life/costs-funding/graduate-fellowships/>

For loans and other forms of aid from the University, students should contact the UTK Financial Aid Office at: <http://finaid.utk.edu/>.

Graduate Teaching Assistant Opportunities

Design GTA Opportunities

Graduate students in design will design a minimum of one Lab Theatre production and two fully supported CBT productions during the three-year course of study. They will also have multiple opportunities to assistant design. If the student's schedule permits and additional design opportunities in the department are available, design of additional productions is possible.

Graduate design students can and do work in jobs outside of UT by prior approval of their area advisor/professor(s). Outside employment can be included among graduates' regular academic assignments. Paid outside employment is not permitted.

Work for other UT departments in the academic year, such as for organizations renting the CBT, or for the School of Music, *when that work exceeds 50% time in the week*, is not permitted without prior approval from area faculty, department administration, and the Dean of the Graduate School.

For further information and relevant procedures, please see *Graduate Pay and Additional Service* on the department server.

Graduate students in design have opportunities to teach in the second and third year of training. Teaching is not mandatory for all graduates, although the department has the prerogative to make a mandatory teaching assignment to any graduate at any time in the second and third years of study.

All GTAs teaching any course must meet with their supervising faculty of that particular course, if possible, prior to the first class of a semester course to gain mutual understanding of the expectations regarding the GTA's workload for that course. If this meeting cannot take place, the supervising faculty member will contact the GTA, and provide a copy of the course syllabus and other materials relevant to the course and to expectations of the GTA.

MFA design students each have studio space in a building dedicated to the use of the MFA design program. This facility includes a teaching and seminar room, a state of the art peripherals lab with a laser engraver/cutter, 3D printer, and large format plotter for model building and printing plans, a refrigerator, and microwave oven.

Industry Conference / Travel Grants

Up to \$1500 per year per graduate design student is allocated by the Department for professional development during the academic year. These funds are not available at the discretion of the student but are allocated at the discretion of department faculty and administration. In the design area these funds are typically allocated to design conferences and competitions, or introduction to the profession expenses, which may, but do not always involve travel.

Additional funds can be requested by application to the College of Arts and Sciences and the Graduate Student Senate. Funding from these sources can only be received once per academic year.

Acting GTA Opportunities

Graduate students in acting have opportunities to perform in, and must be available for, all Department of Theatre / CBT productions. The UT/CBT Theatre season includes professional productions (LORT), University productions, and studio projects. Actors are cast through a deliberative process involving department administration, acting faculty, production directors, and type of production. Auditions are ordinarily required. Performance opportunities in at least two substantial roles (featured or leading), is mandated by the National Association of Schools of Theatre, an accrediting organization of the UT Department of Theatre. It is not unusual for graduate actors to be cast in 6-10 CBT productions or projects during the three-year residency.

Whether paid or unpaid, employment outside of UT is generally not possible for graduate acting students. Rare exceptions may be made on a case-by-case basis by approval of the acting faculty and department administration.

Acting or other work for other UT departments in the academic year, such as for organizations renting the CBT, or for the School of Music, *when that work exceeds 50% time in the week*, is not permitted without prior approval from area faculty, department administration, and the Dean of the Graduate School.

Graduate students in acting have opportunities to teach in the second and third year of training. Teaching is not mandatory for all graduates, although the department has the prerogative to make a mandatory teaching assignment to any graduate at any time during those two years of training.

Industry Showcase / Travel Grants

Up to \$1500 per year per graduate acting student is allocated by the Department for professional development during the academic year. These funds are not available at the discretion of the student but are allocated at the discretion of department faculty and administration. In the acting area these funds are typically allocated to the MFA acting showcase, or introduction to the profession expenses, which may, but do not always involve travel.

Additional funds can be requested by application to the College of Arts and Sciences and the Graduate Student Senate. Funding from these sources can only be received once per academic year.

Graduate Teaching Assistant Duties

MFA in Theatre students carry out GTA duties through work in a combination of areas appropriate to their discipline. Assistantship duties are an integral part of academic achievement, professional standards and behavior, project and production work, and teaching and assisting, and are evaluated as such. Failure to accomplish GTA duties as assigned by Department faculty or administration can affect professional standing, result in denial of assistantship or fellowship renewal, and/or probation and dismissal procedures. See below: “Examinations / Evaluations” (pages 19-20), and “Standards, Problems, and Appeals” (pages 20-25).

Design GTA Duties

Graduate students in design will generally be placed in the shop directly related to his/her area of concentration. Design assistantships require 15 hours of work per week during the 15 weeks of each semester. Teaching assignments are made by faculty and department administration. Teaching a course exempts the student from three to five hours of shop work per week, as determined prior to being assigned the course by the faculty. The student is responsible for working the remaining hours per week in the shop to which he/she has been assigned. THEA 242 Costume, THEA 252 Scenery/stagecraft, and THEA 262 Lighting are among the courses that have been taught by qualified graduate students in design.

At the discretion and behest of their area advisor, design graduates may be credited for hours in which they perform research, teaching assistance, or other duties not related to the shop. Teaching and other duties such as research that are not related to the shop are ordinarily assigned during the third year of study but may at times be assigned during the second year.

Guidelines for Graduate Assistants in the Costume Shop

Graduate Assistants assigned to the Costume Shop are required to work 15 hours per week during the 15 weeks of each semester. The official starting date is the first day of classes as determined by the UTK academic calendar for the relevant year. However, on occasion graduate students choose or are asked to start earlier to get ahead on required semester hours. Upon entering a program, the assistant's skills will be assessed, and he/she will be assigned suitable tasks within the shop. As soon as possible after registration Costume Shop GTA's are expected to arrange with the costume shop manager a schedule that includes the hours they anticipate being in the shop each week. Contact information including local, home, and cell phone numbers as well as e-mail addresses should also be posted with the schedule.

Policies concerning regular work attendance are set and enforced by the Costume Shop Supervisor. If possible, the Shop requests that students arrange their work schedules so as to be more available during heavy work times in the season (i.e., the two weeks preceding the Friday opening of a show). Scheduling conflicts should be discussed with the Costume Shop Supervisor in advance.

Assistants are required to complete their work requirements by the end of each semester. Deficiencies in work hours are discussed with the assistant by the Shop Supervisor and area faculty. If problems persist, the student is referred to departmental administration through the Director of Graduate Studies, for possible remediation or disciplinary action.

Guidelines for Graduate Assistants in the Lighting and Sound Shop

Graduate Assistants assigned to the Lighting and/or Sound Shop are required to work from 5-15 hours per week during the 15 weeks of each semester, depending on the individual's arrangement with the department and area advisor/faculty. The official starting date is the first day of classes as determined by the UTK academic calendar for the relevant year. However, on occasion graduate students choose or are asked to start earlier to get ahead on required semester hours. Upon entering the program, the student will be assessed in his/her level of skill and assigned to suitable tasks within the CBT shop. Assistants in the Lighting Shop will be under the supervision of the Electrics Supervisor and the Faculty Lighting Designer. Assistants in the Sound Shop will be under the supervision of the Sound Supervisor and the Faculty Sound/Digital Media Designer. As soon as possible after registration Lighting/Sound Shop GTA's should provide the appropriate supervisor a schedule that includes the hours they anticipate being in the shop each week, and contact information including local, home, and cell phone numbers as well as e-mail addresses.

Policies concerning regular work attendance are set and enforced by the Electrics Supervisor and Sound Supervisor. A schedule of work calls is posted at the beginning of each semester and updated on a regular basis. Scheduling conflicts should be discussed with the appropriate supervisor in advance.

Assistants are expected to complete their work requirement by the end of the semester. Deficiencies in work hours are discussed with the assistant by the Shop Supervisor and area faculty. If problems persist, the student is referred to departmental administration through the Director of Graduate Studies, for possible remediation or disciplinary action.

Guidelines for Graduate Assistants in the Scene Shop

Most Graduate Assistants assigned to the scene shop are required to work 225 hours each semester. This averages out to 15 hours per week during the 15 weeks of each semester. The official starting date is the first day of classes as determined by the UTK academic calendar for the relevant year. However, on occasion graduate students choose or are asked to start earlier to get ahead on required hours. Assistants in the Scene Shop will be under the supervision of the Technical Director and Scene Shop Supervisor. As soon as possible after registration Scene Shop GTA's should provide a schedule that includes the hours they anticipate being in the shop each week, and contact information including local, home, and cell phone numbers as well as e-mail addresses.

Scheduling conflicts should be discussed with the Scene Shop Supervisor in advance. Occasionally, you may be asked to work beyond your scheduled times, for strikes, projects, etc. These times are discussed and handled on a case-by-case basis.

Assistants are expected to complete their work requirement by the end of each semester. Deficiencies in work hours are discussed with the assistant by the Shop Supervisor and area faculty. If problems persist, the student is referred to departmental administration through the Director of Graduate Studies, for possible remediation or disciplinary action.

Acting GTA Duties

In the MFA in Theatre, Acting concentration, assistantship duties are discharged through a combination of means. Due to the intensive classroom hours of conservatory training in acting, faculty takes care to create a balanced workload for all members of the ensemble, and not to unfairly burden any one student, or require so much of GTA's that the MFA training is compromised.

1) Performing

Graduates in Acting will fulfill all required rehearsal and performance responsibilities beyond regularly scheduled course hours. This most immediately affects University holidays. As employees of the University, GTA holiday schedules are not the same as that of a BA student, and GTAs are often required to remain on campus during holidays. GTA responsibilities can also occasionally affect summer employment. External professional employment in summers is a high priority, and theatre faculty strives to foster summer employment for MFA actors in theatres around the country. However, employment with UT takes precedence over outside employment. On occasion, graduate students will be assigned to work in a show at UT that conflicts with summer employment. Such issues will be handled on a case-by-case basis, and every effort is made to resolve conflicts in a way that affords students the best opportunity for artistic growth and a first-rate professional career.

2) Understudying

Understudying may be required of graduate actors by the department, on a case-by-case basis, according to the needs of the theatre. Understudying may be assigned during the first term of first year as part of the training. Understudying is excellent experience and can be a substantial contribution to the Clarence Brown Theatre production season.

3) Front of House

Front of House duties such as assisting the house manager or box office staff may be assigned to graduate actors by the department, including help with subscription sales, greeting and helping patrons, etc.

- 4) Community Engagement
Community engagement activities such as attending and/or performing at CBT promotional, fundraising, and outreach events may be requested of or assigned to graduate acting students.
- 5) Grading
During the first and second year of training, acting GTAs will be assigned to assist faculty who teach Theatre 100: Introduction to Theatre with grading written materials such as papers and exams for this large lecture course.
- 6) Teaching and Assistant-Teaching
Although not mandatory, teaching and/or assistant-teaching are possible for interested graduate actors. Teaching assignments are made by faculty and department administration and are ordinarily carried out during the third year of training. On occasion, teaching assignments of qualified graduate students can be made in the second year of training.

For teaching in the third year, graduate actors in their second year of training “shadow” a faculty member who is teaching Theatre 220: Acting I (Beginning Acting) in the undergraduate program. GTAs attend a portion or all of the classes taught by a faculty member, and otherwise assist the faculty member for one term. Upon satisfactory completion of shadowing, GTAs can teach a section of Theatre 220 in the fall or spring terms of their third year, under faculty supervision. Upon occasion, GTAs may be asked to substitute or teach other courses, depending upon individual readiness and departmental need.

There are also opportunities to assist faculty in a variety of courses during the third year of training. Assistant-teaching is different from independently teaching a section of Theatre 220, and takes place by invitation at the discretion of faculty members. Assisting does not require formal shadowing but may require some other form(s) of preparation.

All GTAs teaching any course must meet with their supervising faculty of that particular course, if possible, prior to the first class of the semester to gain mutual understanding of the expectations regarding the GTA’s workload for that course. If this meeting cannot take place, the supervising faculty member will contact the GTA to provide the course syllabus and other materials relevant to the course and expectations of the GTA.

- 7) Special assignments: GTAs may also be given special assignments, such as assisting with Library acquisitions, scheduling, or assisting with travel arrangements for their cohort, etc.

Registration and Advising

Registration must be completed online. Procedures and timelines can be found at:
<http://onestop.utk.edu/class-registration/>

Information about Graduate Orientation can be found at:
<http://gradschool.utk.edu/admissions/after-admission/#orientation>

Course Credit

To earn graduate credit, a student must be admitted by the Dean of the Graduate School and enrolled in an appropriate status as a graduate student. The registration must reflect the desire for graduate credit, and the course must have been approved by the Graduate Council. Course work

taken in any other status is unacceptable for graduate credit and cannot be changed retroactively to graduate credit. Courses numbered at the 500 level, as well as those 400-level courses approved for graduate credit, must be taught by faculty members who (1) meet the criteria of an assistant professor or above as defined in the *Faculty Handbook* and (2) have been designated by the department head as being appropriate. Graduate Teaching Assistants are ineligible to teach courses approved for graduate credit, unless they are in a post-professional degree program where the terminal degree is a Master's degree and has been approved by the Graduate Council as an exception.

Consistent with the accreditation requirements of the Southern Association of Colleges and Schools (SACS) that graduate curricula must be substantially different from undergraduate curricula, classes at the 400 level in which both graduate and undergraduate students are enrolled must be structured so as to reflect this distinction. That is, course requirements for graduate credit will be more rigorous and will exceed expectations for undergraduates. Graduate and undergraduate completion of the same course will not be considered equivalent. Petitions for retroactive changing of undergraduate to graduate credit will not be accepted.

Course Load

The maximum load for a graduate student is 15 hours. 9-12 hours are considered a full load. All Theatre graduates hold one-fourth time assistantships. A one-fourth time graduate assistant normally should take 9-13 hours per semester. Registration for more than 15 hours during any semester is not permissible without prior approval. Refer to the Graduate Catalog for additional information: <http://catalog.utk.edu/>

Advisor/Major Professor

Every graduate student must have an advisor from the area of specialty within which they are studying. The Theatre Department assigns an advisor to each graduate student from within the student's area of concentration. This professor advises the student about courses, supervises the student's research, and facilitates communication within the department, to other departments and with the Dean of the Graduate School. The advisor must approve the student's program each semester. The student is expected to maintain close consultation with their advisor with regard to progress in the program. Other responsibilities of the advisor are explained under individual programs.

Degree Requirements

The Master of Fine Arts in Theatre

At least 60 semester hours, 40 of which must be at the 500 level or above, are required for the Master of Fine Arts in Theatre, which is normally to be completed in three consecutive years of full-time residence. Theatre 501: Introduction to Graduate Research is required. Three additional advisor-approved credit hours at the graduate level are required in theatre history, literature, or dramaturgy. Students in the MFA degree program are evaluated each semester by faculty on overall performance, portfolio submission (in Design), and standards of behavior. See the below sections on Examinations / Evaluations (pages 19-20), and on Standards, Problems, and Appeals (pages 20-25).

Theatre 599: Project in Lieu of Thesis is required for the degree and an oral defense of the Project in Lieu of Thesis must be completed satisfactorily in the third year of study before the degree is conferred. The graduate student and their area advisor together select an advisor for the

Project in Lieu of Thesis. Theatre MFA students are not required to take comprehensive examinations as part of the degree requirements.

In addition to the core requirements listed above, each area of concentration has specific requirements:

Costume Design Concentration

Required courses are THEA 503 in the first year of residence, 1 credit hour of THEA 491, 1 credit hour of THEA 492, 3 credit hours of THEA 543, and at least 12 credit hours of THEA 580.

Examinations / Evaluations

Graduate education in Theatre requires continuous evaluation of the student. This evaluation includes:

- cumulative grade-point average
- oral and written semester evaluations by faculty at the end of each semester
- a summary written evaluation by faculty at the end of each semester
- successful completion of a Project in Lieu of Thesis in the third year of training

The academic records of all graduate students in the Department of Theatre are reviewed at the end of each semester, including summer term if students are in active residence during the summer. *Graduate students must maintain a cumulative grade point average of at least 3.0* on all graduate courses taken for a letter grade of A-F. Grades of S/NC, P/NP, and I, which have no numerical equivalent, are excluded from this computation.

Every graduate student will receive written evaluations at the end of each semester, written by each of the faculty members who have taught them during that semester. These written

evaluations will be discussed in a face-to-face meeting between graduate students and the appropriate faculty. Written evaluations should conclude with signature lines for the faculty who wrote the evaluation and for the student, indicating the date when this meeting occurred. The student's signature does not indicate agreement with each point of feedback. Instead the student signature appears over a statement similar to this: "My signature indicates I have read this evaluation, I have been given an opportunity to ask questions, and I understand the feedback I have received." A copy of this signed evaluation will be given to the student and a copy will be placed in department files.

In addition, a written "summary" evaluation will be written at the end of each semester, following the end of semester face-to-face discussion between the faculty and student. A copy of this summary evaluation will be given to the student and a copy will be kept in department files.

This summary statement will inform the student of their overall standing in the MFA program.

There are three types of standing at the end of every term of enrollment:

- ***good standing***
- ***academic, behavioral, or professional deficiency probation***
- ***academic, behavioral, or professional deficiency dismissal***

For more information on probation and dismissal, see the section on Standards, Problems, and Appeals immediately below.

The criteria for these evaluations vary according to the areas of study within the concentrations of Acting and Design. However, general criteria include: achievement, effort, professional conduct, project and production work, teaching and assisting, and shop duties. GTA work duties in shops and on productions are an integral part of academic achievement in the MFA program, and failure to carry out these duties can affect academic standing and result in denial of assistantship or fellowship renewal, and/or probation and dismissal procedures. Recommendations going forward should also be provided to the student each semester.

The date of these evaluations is set each semester by the area faculty according to the University and Department calendars. Students should check with their area professor or the Director of Graduate Studies in the department to learn the date of the evaluations.

These semester evaluations will effectively provide an annual progress/portfolio evaluation, upon which basis the faculty of the appropriate area of concentration in Acting or Design will determine whether the student is in good standing or should be placed upon academic probation.

Continuation in a program is determined by consideration of all these elements by the faculty and the Department Head.

For policies and procedures governing probation, dismissal, and appeals, see the section on Standards, Problems, and Appeals immediately below.

Standards, Problems, and Appeals

Academic, Behavioral, and Professional Standards

Department of Theatre and Clarence Brown Theatre faculty and staff are dedicated to a dual mission of providing first rate theatre education within the environment of a professional theatre. MFA students are expected to maintain high standards of academic, behavioral, and professional standing throughout their training, and to provide leadership by example to undergraduates. Academic, behavioral, and professional standards are clearly communicated in the Graduate School, the College of Arts and Sciences, the Department, and the CBT through online resources, handbooks, production guidelines, and verbal reiteration. Graduate students are responsible to know the standards and common practices of UT, the Graduate School, the Department and the CBT. As repeated numerous times in this handbook, *Graduate students are expected to be familiar and comply with all requirements of this handbook, and of:*

- (a) The Student Code of Conduct, online at: <http://studentconduct.utk.edu/>
- (b) The Graduate Catalog, online at: <http://catalog.utk.edu/index.php>
- (c) Academic Policies and Requirements for Graduate Students, online at: <http://catalog.utk.edu/content.php?catoid=21&navoid=2510>
- (d) Policies governing student conduct and academic integrity in *Hilltopics Student Handbook*, online at <https://hilltopics.utk.edu/student-code-of-conduct/>

In the Department of Theatre, disciplinary actions including removal from CBT or other production assignments, and probation and/or dismissal from the MFA program can be invoked at any time, based upon the recommendation of faculty or department administration. However, Theatre Department faculty and administration will make every effort to inform a student of probationary actions or a move to dismissal in a timely and respectful professional manner. Furthermore, every effort will be made to make such a determination about the student within the first year of training, or at the latest, by the end of the third semester of training (middle of second year).

Such disciplinary actions can be invoked based upon any one or more of the following criteria:

- I. Academic failure**
- II. Behavioral misconduct**
- III. Professional deficiency**

I. Academic Failure

A. Academic Probation

Upon completion of 9 credit hours of graduate course work, a graduate student will be placed on academic probation when his/her cumulative GPA falls below 3.0. A student will be allowed to continue graduate study in subsequent semesters if each semester's cumulative grade point average is 3.0 or greater. Upon achieving a cumulative GPA of 3.0, the student will be removed from probationary status.

Students are also subject to academic review by their graduate faculty at any time. Probation can be triggered as a result of the evaluations described on pages 19-20 above, or as soon as a problem comes to the attention of the faculty. Detailed information will be provided to the student, verbally and in writing, about unacceptable performance; stating the terms of

probation; and with a reasonable period of time specified for the student to remediate before a recommendation to dismiss is made to the Graduate School.

However, there are conditions under which a prompt recommendation for dismissal can be made without opportunity for remediation. These are described below and in the following policy statements:

- (a) *Academic Policies and Requirements for Graduate Students*, online at <http://catalog.utk.edu/content.php?catoid=17&navoid=1763> and
- (b) Policies governing student conduct and academic integrity in *Hilltopics Student Handbook*, online at <http://hilltopics.utk.edu/>

B. Academic Dismissal

If a student is on academic probation, the degree or non-degree status will be terminated by the Dean of the Graduate School if the student's semester GPA falls below 3.0 in a subsequent semester. When the particular circumstances are deemed to justify continuation, and upon recommendation of the appropriate academic unit and approval of the Dean of the Graduate School, a student on probation whose semester GPA is below 3.0 may be allowed to continue on a semester-by-semester basis.

Dismissal of a graduate student by a department or program is accomplished by written notice to the student, with a copy to the Graduate School. In those cases where the department's requirements for continuation are more stringent than university requirements for graduate programs, the Dean of the Graduate School will evaluate the student's record to determine whether the student is eligible to apply for a change of status and register in another area of study. Registration for courses in a department from which a student has been dismissed will not be permitted, except by written authorization from that department.

C. Academic Honesty

Academic integrity is a responsibility of all members of the academic community. An honor statement is included on the application for admission and readmission. The applicant's signature acknowledges that adherence is confirmed. The honor statement declares that:

"An essential feature of The University of Tennessee, Knoxville is a commitment to maintaining an atmosphere of intellectual integrity and academic honesty. As a student of The University, I pledge that I will neither knowingly give nor receive any inappropriate assistance in academic work, thus affirming my own personal commitment to honor and integrity."

Webster's Tenth New Collegiate Dictionary [1998] defines plagiarism as "stealing or passing off ideas or words of another as one's own"; the use of a created production without crediting the source." Any material taken from another source must be documented, and in no case should one present another person's work as one's own. Students involved in collaborative research to avoid questions of plagiarism should exercise extreme caution. If in doubt, students should check with their major professor and the Graduate School about the project. Plagiarism will be investigated when suspected and prosecuted if established.

II. Behavioral Misconduct

A. UT Student Code of Conduct

Graduate students in the Department of Theatre and the Clarence Brown Theatre are expected to be familiar and comply with all requirements of the UT Student Code of Conduct, available at: <http://studentconduct.utk.edu/>.

Conduct that is inconsistent with the Code can invoke disciplinary action and result in probation or dismissal at any time. Due to the collaborative nature of theatre, conduct that interferes with or detracts from the ability of others to make progress towards their degree, or from the professional function of the Department of Theatre or the Clarence Brown Theatre, can also invoke disciplinary action and probation or dismissal any time.

B. Behavioral Probation

Misconduct will be addressed by department administration and faculty on a case-by-case basis. Conduct that is inconsistent with the UT Student Code of Conduct can invoke probation at any time. As with academic probation, if behavioral probation is invoked, detailed information will be provided to the student, verbally and in writing, about unacceptable behavior; stating the terms of probation; and with a reasonable period of time specified for the student to remediate before a recommendation to dismiss is made to the Graduate School.

However, there are conditions under which a prompt recommendation for dismissal can be made without opportunity for remediation. These are described in the following policy statements:

(a) *Academic Policies and Requirements for Graduate Students*, online at <http://catalog.utk.edu/content.php?catoid=17&navoid=1763> and

(b) Policies governing student conduct and academic integrity in *Hilltopics Student Handbook*, online at <http://hilltopics.utk.edu/>

C. Behavioral Dismissal

Misconduct can invoke dismissal at any time. Conduct that interferes with or detracts from the ability of others to make satisfactory progress towards their degree, or from the professional function of the Department of Theatre or the Clarence Brown Theatre, can also invoke dismissal any time.

Dismissal by a department or program is accomplished by written notice to the student, with a copy to the Graduate School.

III. Professional Deficiency

Two major elements of the MFA in Theatre program are participation in Clarence Brown Theatre projects and productions and Graduate Teaching Assistantship (GTA) duties. Participation in the theatrical event through work on projects and productions is required by the Department and by the National Association of Schools of Theatre, an accrediting body of the Department of Theatre. Such participation is an integral part of a student's standing in the MFA program, and is regularly evaluated by faculty, CBT staff, and administrative leadership. Just so, Graduate Teaching Assistantship duties are also an integral part of a student's standing and are regularly evaluated.

However, neither project and production participation nor GTA duties fall within the purview of a particular class or are graded within a particular class. A student may be performing sufficiently in classes, but still be deficient in translating their training into the professional arena of the theatre or into professional teaching or assistant teaching.

That is, it is possible for an MFA student to be in good academic and behavioral standing, but deficient in meeting professional standards within the CBT and/or in their GTA duties.

In such an instance, a student can be found to be professionally deficient. At a minimum, MFA actors must achieve standards of work sufficient to be consistently cast in CBT productions, and MFA designers must achieve standards of work sufficient to be reliably assigned to CBT productions. Also, all MFA students must carry out their teaching duties according to departmental standards.

A. Professional Deficiency Probation

Professional deficiency will be addressed by department administration and faculty on a case-by-case basis. As with academic and behavioral probation, if professional deficiency is invoked, detailed information will be provided to the student, verbally and in writing, about the deficiency; stating the terms of probation; and with a reasonable period of time specified for the student to remediate before a recommendation to dismiss is made to the Graduate School.

B. Professional Deficiency Dismissal

MFA students found to be deficient in meeting Department of Theatre professional standards of work within the CBT or in their GTA duties, can be dismissed from the MFA program at any time.

Dismissal by a department or program is accomplished by written notice to the student, with a copy to the Graduate School.

Appeals Procedure

The student handbook, Hilltopics, contains statements concerning UT Knoxville standards of conduct and disciplinary regulations and procedures. To access the online version of Hilltopics, go to <http://hilltopics.utk.edu/>. Normally, grievances should be handled at the department level through the student's advisor or the program or department head. Students wishing to appeal a grade or address a grievance or incident should:

1. Meet with the instructor of the course, members of the student's committee, and/or, if desired, with the Department Head.
2. If these meetings are unsatisfactory, and the student wishes to file a formal appeal, *they must do so no later than 30 days after the incident that occasions the appeal*. The student should make a written request to appeal the grade/incident through the Department's Standards and Appeals Committee. The Committee will meet with the student and all faculty involved in the action being appealed. After hearing all sides of the issue, the committee will make a judgment and recommendation for action to the Department Head. The Department Head will consider the final recommendation of the committee binding and will take the necessary measures to comply with that recommendation. The student

will be notified in writing of the department decision and further avenues of appeal that are open to them.

3. If the department procedure does not lead to resolution of the complaint, the next level is an appeal at the College level. *This appeal must be filed within 30 days of a final decision at the department level.*
4. Beyond the College level, graduate students may further appeal to the Dean of the Graduate School, the Graduate Council, and the Chancellor. The by-laws of the university [Article V, section 7] provide that any individual may ultimately appeal to the Board of Trustees through the President. A hard copy of the Appeals Procedures is available in the Office of Graduate Admissions and Records. The Graduate Council Appeal Procedure, (revised 2009) can also be viewed electronically on the Graduate School website at: <http://gradschool.utk.edu/documents/2016/02/student-appeals-procedures.pdf>

Note that this policy applies only after grievances have been duly processed, without resolution, through appropriate appeals procedures at the department and college levels.

Schedule your Final Examination for Non-Thesis Students:

This is the form that tells the Graduate School when you will be taking your Final Exam in defense of your "Non-Thesis" Project. This form must be completed and in the Graduate School sometime in April.

AGAIN, ALL OF THE ABOVE REQUIREMENTS MUST BE COMPLETED PROPERLY AND ON TIME OR YOU WILL NOT BE ALLOWED TO GRADUATE.

Please note that all of the dates given above are **approximate**. You can only find out the **exact date** of these **requirements by** checking with the Graduate School during the fall term of your third year of residence. They are all published in a calendar that the Graduate School issues yearly, entitled: Dates to Remember—Academic year 20__-__. The Office of Disability Serves [ODS] is committed to providing equal opportunities for students and employees with disabilities at the University of Tennessee. The primary objective for the office is to eliminate accessibility barriers to provide individuals with disabilities equal access to academic, social, career, cultural and recreational opportunities offered by the University.

To ensure that services are provided in a timely manner, prospective students with disabilities are encouraged to contact ODS one month prior to the semester in which they plan to attend. Contact with the students prior to registration enables the ODS staff to better assess the need for interpreters, readers, accessible facilities, and other support services. Van service is also provided to those individuals with mobility limitation, whether permanent or temporary. Documentation of the disability within the past 3 years from an attending physician or psychologist is required.

Student Programs & Services Fee

<http://onestop.utk.edu/tuition-fees/>

This fee helps pay for costs at several facilities including the Aquatics Center, Student Health Service, TRECS, and the Student Union, as well as student activities, publications, and the Student Government Association. The fee is assessed in two parts called Primary and Health. You have paid the full fee with a combined payment of \$468. On the first day of classes, this fee becomes non-refundable. Students who wish to purchase tickets to athletic events are required to pay the maximum Primary Fee and the Health Fee.

- **Primary** – This fee is \$41 per hour, with a maximum of \$367. If you are enrolled in between six and nine semester hours, you can choose to add the difference between the amount of the fee you already paid and \$367.

- **Health** – If you are registered for nine or more hours, you have to pay the \$101 portion of this fee. If you are enrolled for between three and nine semester hours, you can choose to add the \$101. Use of the Student Health Center is limited to students who have paid this portion of the fee.

There *is* a charge for some student athletic tickets. For example, previous years there has been a \$10 home and \$20 away game ticket price for football games. Student tickets to athletic events cannot be purchased without paying the programs & service fee. For additional information regarding programs and services fees, please refer to <http://onestop.utk.edu/tuition-fees/>

Parking

Parking Services, 2121 Stephenson Drive & 24 University Center

Main Phone: 865-974-6031

Email: parking@utk.edu

24 UC Phone: 865-974-5440

Parking is the subject of more complaints than anything else at the University. Areas available for parking are limited. The problem is that there is just not enough of it. Regular parking on all University lots, streets, parking structures or leased lots will be by parking permit only.

Remember that your parking tag is not a guarantee of a space; it is merely a hunting license. If you plan to commute to school you should purchase a parking tag or ride public transportation (KAT). You may purchase a UT parking hang tag in the University Parking office (974-5440), open all year in the basement of the University Center, room 24. The hang tag is good for fall and spring semester only. If you attend summer or evening school you must purchase another tag. No parking instrument will allow you to park in special event parking without paying their fee. You will be towed if you do not vacate a lot being reserved for event parking, even if you have a permit.

To reduce traffic congestion within the campus area, large student parking areas are located on the perimeter of the campus. Free bus service (The T) is provided across campus, in parts of "The Fort" (Fort Sanders area) and to classes, facilities, and UT housing locations on campus. For KAT and T bus routes, please reference the KAT website at <http://www.katbus.com/>. Unlimited off-campus use of KAT busses is only \$50 per semester for UT students, faculty and staff with a flash

pass from KAT, available at the Central Ticket office in the UC. KAT also operates free trolleys. Smart Trips is a commuter reward initiative for carpooling, bicycling or walking that offers prizes, etc. Visit their section on the Parking services home page if you will be living off-campus.

Some students park in the Ft. Sanders area and walk from there. This is not recommended if you are returning to your car late at night. There are several blue emergency phones along this path for access to UT Police and *T-link on demand* (974-4080). T-link on demand is a safety initiative available 6pm-7am via phone request for a free van ride from your location on campus to your vehicle, library or on-campus housing, etc. More information is available at <http://ridethet.utk.edu/route-information/> as part of the Campus Safety Guide.

After 5:00 p.m., you can park in any unreserved staff lot with your hang-tag, *5pm-3am only*. No parking after 3am is allowed in commuter lots or the Aquatic Center without a special permit. **Do not park in Handicapped Spaces, or you will be towed. If you park in a restricted parking area you will be ticketed.** If you park in the lots without a parking tag you will not only get a ticket for parking there, but you will also be fined for not having your vehicle registered. You can avoid this additional fine by registering your car with Parking Services. This registration is free.

If you get a ticket you must pay it. *You will not be allowed to register, graduate, or get a transcript if you do not.* If you feel that the ticket is unjust you can appeal it. Appeals must be made to Parking Services on Stephenson Drive. For additional information about the rights and responsibilities of on-campus parking, visit the Parking services website. Campus parking regulations are enforced 24 hrs/day, and are available at: <http://parking.utk.edu/regulations/>.
